PRICES

A \$5 Shoe for \$3.75

A \$4 Shoe for \$3

and all the way down.

A large quantity of poles which will be sold cheap, as I want the cash and not the poles. Yours forever,

BILL BAILEY

AROUND THE TOWN

The Crossfield baseball team come to Didsbury on Friday for a league game.

Lawyer H. S. Patterson has moved his office up stairs over the Union Bank.

Wm. H. Brown of the Dept. of Public Works is visiting friends in town for a few days.

Mr. Fred Sanderman left for his homestead in the Ghost Pine country on Wednesday.

Mr. O. Lavers, formerly a principal in the Didsbury school, was a visitor in town for a few days this week.

Miss Anna Hiebert, who is nursing at the Calgary General Hospital, paid her parents a short visit on Monday.

The baseball team journeyed to Crossfield on Friday last but returned home with a score of 6-5 against them.

Mr. W. Bates wishes to express his appreciation to the singing class at Neapolis for the benefit recently tendered to him.

The Mennonite camp meeting is now in full swing and is being well attended. The meeting is being held in the northwest part of town.

Mr. Theo. Reist, who has been in the Calgary hospital for some weeks where he underwent two operations, returned on Saturday to his home much improved in health.

Miss Minnie White of the Beulah Mission, Edmonton, is in town for a few days attending the camp meeting. Miss Katie Miller of the Mission will arrive here on Thursday.

We are pleased to note that Mr. Roy Hase, one of Didsbury's young men, is with Mr. St. Clair and company, who hold the local opera house all next week. Let's turn out and give the young man a hearty welcome.

Lorne Good, son of Mr. Moses Good, returned home from the Red Deer High School on Monday. Lorne has returned to Didsbury with honors, having won the gold medal presented by the Red Deer people for the best scholar in school.

The Halladay pathfinder car for the Reliability auto contest, which starts from Winnipeg some time in August and which is being conducted by the Modern Power Journal of Winnipeg, arrived in Didsbury on Monday night and started on Tuesday for the north.

The first fishing party of the season composed of Messrs. Patterson, Kalbfleisch and Alex Robertson, returned from the Fallen Timber creek on Tuesday. They brought home about five dozen fine mountain trout, the largest one measuring 18 inches in length.

The Seventh Day Adventists' Convention and camp meeting is now well under way and the grounds east of the track present quite a military appearance with its white tents. Meetings will be held every day, at which the public are cordially invited to attend.

Mr. Curry of Calgary has been here for the last few days in the interests of the Canadian Order of Foresters, and is assisting the local lodge of that order in increasing their membership. The C. O. F. is the strongest purely Canadian fraternal order and their money is invested mostly in Canadian municipal debentures, some of which is invested in Didsbury debentures.

Telling Papa
Sweet Girl (affectionately)—"Papa, you wouldn't like me to leave you, would you?"
Papa (fondly)—"Indeed, I would not, my darling."
Sweet Girl—"Well, then, I'll marry Mr. Porcupine, and be glad to live here."—New York Weekly.

HELP FOR OLD BACKS THAT ACHE

GIN PILLS Cure Them

Age is no barrier to the wonderful soothing, healing properties of GIN PILLS, the great Canadian Kidney Cure. We have on record many letters from men and women of 60, 65, 70, 75, 80 and over testifying to the great relief they received from taking GIN PILLS.

Mr. Samuel Martin, of Strathroy, Ont., suffered for twenty years with misery in his back. Some months ago, he tried GIN PILLS and after taking only three boxes, was entirely cured. Mr. Martin is now 80 years of age and enjoys the robust health of a vigorous man of sixty. Thanks to GIN PILLS.

All elderly people are troubled, more or less, with Kidney and Bladder trouble, and pain and weakness in the back. GIN PILLS are a guaranteed cure for all these misfortunes. Money promptly refunded if they fail to give complete satisfaction. See a box for \$2.50. Sample box free if you write us, mentioning this paper. National Drug & Chemical Co., Dept. N.U., Toronto.

The original GIN PILLS by National Drug and Chemical Co. of Canada Limited, Toronto, are sold only in this box.

Not the Same
The Wise Guy—"Speculating in stocks is nothing but 'fisherman's luck'."
The Shorn Lamb—"Hardly that. I've sometimes gone fishing and succeeded in saving my butt."—Chicago Daily News.

Practically all Canadian druggists, grocers and general dealers sell Williams' Fly Pills. If your storekeeper does not, ask him why.

Two ladies, previously unacquainted, were conversing at a reception. After a few conversational remarks, the younger exclaimed:
"I can not think what has upset that tall blond man over there. He goes so attentive a little while ago, but he won't look at me now."
"Perhaps," said the other, "he saw me come in. He's my husband."—Penny Pictorial.

Dealer (commenting on a horse he is exhibiting for sale)—"Shouldn't be 'ere at all, an'orse like this."
Sportman (also a bit of a connoisseur)—"Quite right, quite right, ought to be at Christie's among the antiques."—Punch.

Stella—"Her gown is just like Yours."
Bella—"I don't care if hers is a duplicate of mine, but I don't want mine a duplicate of hers."—Puck.

Minard's Liniment Cures Colds, Etc.

Beggar—"Please, master, a dime for a poor blind man."

Old Gentleman—"But you are only blind in one eye."

Beggar—"All right; make it a nickel, then."—Boston Transcript.

"Could you do something for a poor old sailor?" asked the seedy-looking wanderer at the gate.

"Poor old sailor?" echoed the lady at work at the tub.

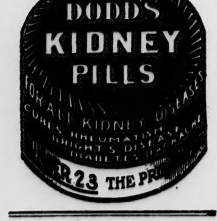

"Yes, I followed the water for sixteen years."

"Well," said the woman, after a critical look, "you certainly don't look as if you ever caught with it."

Then she resumed her labors—Ideas.

"Mr. Bliggins takes himself very seriously," said the critical young woman.

"Well," replied Miss Cayenne, "you can't blame him. To be thrown into a cruel world with no more brains than he possesses would be a serious matter for anybody."—Washington Star.

Best Machine Made.

Consolation
Mrs. Newbold (in the picture gallery)—"This, Aunt Eunice, is a real old master."
Aunt Eunice—"Well, I shouldn't care if it was; it's just as good as some of the new ones."—Life.

"How," the president of the Fat Man's Club was asked, according to a magazine writer, "did you prevent fraud among your applicants for membership? Didn't some men try to get in that weren't up to the standard weight?"
"Yes," the portly officer replied; "but it was no use. Applications had to be presented in person at the Club building floor. There was no elevator. The applicant climbed the five flight of stairs. At the top he met a man who asked: 'Were you looking for the Fat Man's Club?'"
"Yes," the man said. "Your application is rejected. We receive no man who can climb five flights of stairs."—Kansas City Star.

DEADLY ANAEMIA

Casts a Shadow Over the Lives of Thousands of Women and

"Not enough blood" is the simple meaning of the term anaemia, though it should scarcely need explaining. For, unfortunately, anaemia is one of the greatest evils in this country, afflicting women of all ages, including young girls. The signs of bloodlessness are pain enough—pallid lips and cheeks, and aching back, frequent headaches, with breathlessness, heart palpitation and great weakness. The only effective treatment is to strengthen and build up the blood, and it is just by this power of making new, rich blood that Dr. Williams' Pink Pills have cured anaemia in more cases than it is possible to place on record. Among the best cured of this trouble by Dr. Williams' Pink Pills are Miss N. Roberts, of Sorel, Que., who had been in poor health for several years. Miss Roberts says: "I believe that if I had not taken Dr. Williams' Pink Pills my illness would have proved fatal. The trouble came on so gradually that I scarcely noticed the point at which it did begin. The first noticeable symptom was loss of color and a feeling of lassitude. Then I began to lose my appetite, had frequent headaches, and spells of dizziness, and became unable to do my household work without being completely exhausted. Finally my trouble became so aggravated that I was a persistent cough. I took several kinds of medicine, but did not get any relief. At last I was advised to try Dr. Williams' Pink Pills and decided to do so. After I had taken several boxes there was a noticeable improvement in my condition and I continued using the Pills until I had taken nine boxes. The result in my opinion was marvelous. My appetite returned, my nerves were strengthened, my weight increased, headaches disappeared, and I am enjoying the best of health of my life. In gratitude for what Dr. Williams' Pink Pills have done for me I give you this testimonial, in the hope that it may bring new health to some other sufferer."

The main factor in securing success with poultry in winter lies in the hen-house being perfectly dry and warm with sufficient light and ventilation. Beware of providing too much ventilation, for in winter that means frozen combs, colds and kindred evils.

Poorly dressed poultry goes begging in the market, while the supply of choice (fancy) stock is not sufficient to meet the demand.

A box of granulated charcoal should be kept in the poultry house.

If fowls or chicks have access to charcoal they will never be troubled with intestinal worms.

High grade manure will be wanted next spring for garden work, and it will pay to collect and care for the poultry droppings.

In breeding ducks new drakes should be introduced into the flock each year. New blood should be introduced every time any of the young birds are used.

Every poultryman should lay in a supply of alfalfa or clover for his fowls during the winter months. Green food is as essential as grain for the egg layers.

The Sure Tip.
"How did you get that new suit?"
"Had a sure tip and a horse race."

"I never knew one of those sure tips to pan out."

"Whether did." So I didn't play it. Put the money into this—it instead."

Sell the Turkey.
Turkey breeders who have been troubled by their charges straying are recommended by the London Agricultural Gazette to put a bell on a few of the leaders, old hens by preference.

Peter (sent for the milk)—"Oh, mercy, I've drunk too much of it!"
Small Brother—"Easy. We'll drop the jug."—Meggendorfer Blaetter.

Some Acting
"What makes you think you can act?" asked the manager to the stage-struck applicant.
"Burdette came into my room last night," replied the young man. "I pretended to be asleep, and deceived them utterly."—Purport.

Digby, N.S.
Minard's Liniment Co., Limited.
Gentlemen,—Last August my horse was badly cut in eleven places by a barbed wire fence. Three of the cuts (small ones) healed soon, but the others became foul and rotten, and though I tried many kinds of medicine they had no beneficial result. At last a doctor advised me to use MINARD'S LINIMENT and in four weeks time every sore was healed and the hair has grown over each one in fine condition. The Liniment is certainly wonderful in its working.
JOHN R. HOLDEN.
Witness, Perry Baker.

"What makes dinner so late today?" asks the guest of the little son of the landlady of the summer board-house. "The garden is so nice, but home-grown vegetables and fruits. 'Ma lost the oven opener,' is the explanation."—Judge's Library.

A Pill That Lightens Life.—To the man who is a victim of indigestion the transaction of business becomes an added misery. Cannot get the right mind upon his tasks and lose vexation at him. To such a case Parke's Vegetable Pills offer relief. A course of treatment, according to directions, will convince him of their great excellence. There are no harmful effects, and the cause they will do all that is claimed for them.

New Minister—"Now, just one more sermon, brethren, before I am discharged. Have you got a 'supply'?"
Deacon—"Well, yes, though we haven't got a 'supply' of the good preacher about it. I'll show you where it is and get you a key, but I'll tell you we'll have to be just as careful about using it as the rest of us!"
—Puck.

If every house-keeper would use Wilson's Fly Pills freely during the summer months the house-fly peril would soon be a thing of the past.

"Cholly says his European trip was completely spoiled." "As to how?"
"Seems a careless porter lost a label off his suit case."—Louisville Courier-Journal.

State of Ohio, City of Toledo, ss.
Lucas County.

Frank J. Cheney makes oath that he is senior partner in the firm of F. J. Cheney & Co., doing business in the City of Toledo, Ohio, and State of Ohio, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

Sworn to before me this day of December, 1900.
A. W. GLEASON,
Notary Public.

Hall's Catarrh Cure is taken internally and acts directly upon the blood and mucous surface of the system. Send for testimonials free.

F. J. CHENEY & Co., Toledo, O.
Take Hall's Catarrh Cure for constipation.

Poultry Pointers.
Most farmers keep too many roosters in proportion to the hens. This is a prime cause of infertility in eggs.

overfertilized egg is often yellowish and is always infertile. One cock to ten to fifteen hens is sufficient.

The main factor in securing success with poultry in winter lies in the hen-house being perfectly dry and warm with sufficient light and ventilation.

Beware of providing too much ventilation, for in winter that means frozen combs, colds and kindred evils.

Poorly dressed poultry goes begging in the market, while the supply of choice (fancy) stock is not sufficient to meet the demand.

A box of granulated charcoal should be kept in the poultry house.

If fowls or chicks have access to charcoal they will never be troubled with intestinal worms.

High grade manure will be wanted next spring for garden work, and it will pay to collect and care for the poultry droppings.

In breeding ducks new drakes should be introduced into the flock each year. New blood should be introduced every time any of the young birds are used.

Every poultryman should lay in a supply of alfalfa or clover for his fowls during the winter months. Green food is as essential as grain for the egg layers.

The Sure Tip.
"How did you get that new suit?"
"Had a sure tip and a horse race."

A Relation
"A horse is man's truest friend," said the lover of animals. "He's more like a relation than a friend," replied Farmer Cornsweal. "He makes me think of my boy Josh; all you put him on 'n' little to kick; if you put him to work."—Washington Star.

With Emphasis
Mistress (thrusting stick finger into other ear)—Kittie, for heaven's sake what does that frightful noise and preposterous moan in the kitchen mean?
Kittie—"Oh, that's nothing, ma'am! It's only cock rooster's a proposal to marry from the asinimal!"—Harper's Bazar.

Used according to directions, Dr. J. D. Kellogg's Dietary Food is a natural relief in the most acute form of summer complaint. Whenever the attack feels itself no time should be lost in seeking the cure. The Dietary Food will act immediately on the stomach and intestines and allay the irritation and pain. A trial of it will convince anyone of the truth of these assertions.

Minard's Liniment cures garget in cows
If men should rise from the dead and their epitaphs many would think they had got into the wrong grave.—Flavel.

Methods 'twould be the grandest thing

H. E. OSBORN, EDITOR.

A Plain Talk

We are all anxious, or should be anxious, to promote the best interests of the town in which we live. To this end, therefore, we would like to have a plain talk with our merchants about some of the things which tend to the unmaking rather than the making of the town.

We will all be frank enough to admit that under existing conditions, we are working not as a collective body, but as individual units. What has resulted as a consequence? Simply this, that we have come to ignore some of the vital principles which belong to business honor and commercial integrity. An illustration will make clearer our meaning. Here is a merchant handling a certain lucrative line of staple goods. He makes satisfactory progress and enjoys a modest competence. One day, however, he sees a merchant in another branch of business who also is making a comfortable living. Merchant No. 1 cannot see merchant No. 2 earn a decent livelihood, and therefore plans to handle some of his goods as side lines.

The next thing merchant No. 2 hears is that merchant No. 1 is selling his side lines at a margin of profit which is impossible for merchant No. 2 to do a living business on. Then retaliation follows with its inevitable results of hard feeling, etc.

Merchants of Didsbury, would it not be better—a thousand times better—if instead of resorting to these crude barbarian methods, each one earned a full and complete stock of the staple goods belonging to the line of business he follows? As it is now, part of the money which would enable merchants to carry complete stocks is tied up in these side lines. Thus we hear of people sending off for commodities which ought to be on hand in our own stores.

This is a small town, and why in the name of common sense and fairness we cannot live and live is something we fail to understand. Competition is highly desirable in any community, but the contemptible methods now in vogue brand us with disgrace.

Can we not do something of a practical nature to remedy present conditions? From the moral standpoint, those indulging in these questionable business methods suffer an irreparable injury to their characters, even though they may gain a few additional petty dollars. It is well to remember "our acts on angels are far good or ill."—Controlled.

From a Birds-Eye View

Mr. Editor:

Will you please allow me a little space in your esteemed paper to say a word in behalf of the land boys, who evidently have been working tirelessly in the past.

The writer was very much impressed with the pleasant manner and gentility that seemed to prevail among the members of the band. The only signs of displeasure shown on sports days was occasioned on learning that a few of the merchants had requested their clerks who are members of the band to be on duty at 5 o'clock, regardless of the band. Is not this lamentable?

Are you aware, Mr. Merchant, that the councilors have made them a grant of your money for your benefit? If your hand breaks up who will you blame? Has it occurred to you that other members of the band have a business to attend? In trying to make our business a success we do many selfish acts, and were it not for the charity in others we would meet reproach more often, and so do you not think it worth while to consider the efforts of those whom you expect to make you forget your cares and worries for a time at least?—Curlew.

CHAPTER XXI.

The Third Finger

"No, I came here entirely on my own responsibility. If you have half an hour to spare, and you think it quite safe, I will tell you everything."

for I had made up my mind not to take the old name again until I had

to benefit one penny from the gold of the mine. He had a curious contempt for money, and he always said that the gold from the Four Fin Mine had brought a curse on the tribe. I really never got to the bottom of it, and I don't suppose I ever shall.

—there seemed to be no lack of money and I had pretty well all I wanted. There were times, of course, when

er
id
er
is
at
er

ed to go out on business. They
fused, a strange new strength fl
my veins. I contrived to get the
ter of those two men, and half
hour afterwards I left the house
company with your brother."

(To be continued.)

It is safe to say that of the tens of thousands who will witness the Naval Review on June 24th at Spithead very

man Sylla, has also a secret perfume distilled, it is said, from flowers blooming in the heart of a forest, to which perfume

"Well, go and fetch a ladder, you? I believe he wants to box ears!"—Answers.

HON. A. E. FORGET GOES TO CANADA'S HOUSE OF LORDS.

"I was looking a rabbit, when the cat fell down and spoiled the rabbit; and do you think I was going to pay rent for that week?"

hind the bier to the brink of the grave and it was there slain and thrown upon the coffin. The last occurrence of this kind took place at Treves, Germany, in 1782.

TREATY WORKING WELL

PEACE PAID IS NOW WORKING FOR GENERAL GOOD

Pecuniary Claims Outstanding for Years on Fair Way to Adjustment
—Great Britain and the United States Reaching an Agreement on Many Vexed Questions, Many of Them of Long Standing.

Washington.—The principle of arbitration of international disputes in so far as its application to the United States and Great Britain is concerned received a pronounced impetus recently when Secretary of State Knox and Ambassador Bryce signed the first schedule of certain pecuniary claims existing between the United States and Great Britain, and the terms of their submission in arbitration for accordance with the existing agreements signed August 16th last.

Not satisfied with this accomplishment for one day the secretary and ambassador then further lent their energies in the cause of international peace by conferring with regard to the proposed general arbitration treaty which is to be submitted, by broadening the scope, the value and the terms of which the pecuniary claims will be arbitrated. This conference was devoted to present questions of arbitration to phraseology. It is admitted in official quarters that the treaty is all but completed and the administration is confident it will be finished in time for submission to the senate for ratification.

The pecuniary claims to be arbitrated aggregate several million dollars. Many of them are of long standing, antedating the war of 1812, while many more grew out of the Philippine war. Others relate to the Hawaiian and the Fiji Islands. This arbitration will be the second under the general arbitration treaty between the United States and Great Britain. The first subject taken under that convention by the North Atlantic Treaty dispute which was settled by the Hague tribunal last summer.

Dreadnoughts Doomed
 London.—The approaching doom of the battleship Dreadnought, and super-dreadnought type has been the question in British naval circles in which Sir Philip Watts, admiralty director of naval construction, is credited with having designed already an entirely new type of fighting ship.

Next year's program anticipates the retention of the all big gun principle, but it is believed that the ship will be considerably smaller in displacement, averaging between 17,000 and 18,000 tons. It is expected that the new type will be superior to the present battleships in sailing in shallow waters, and though the fact that it will not be such a fine target for the enemy as the Dreadnoughts now in commission, armament of new type will be the same as the present monsters. Through the combination of turret and reciprocating engines, it is expected that the new battleships will make a speed of from 34 to 36 knots.

Will Tow Floating Dock to Montreal
 Ottawa.—Vickers, Sons & Maxims' floating dock has been ordered to be constructed at the works of the firm in England. It will be necessary to tow the Atlantic coast to the St. Lawrence and to Montreal.

This will, it is thought, constitute a floating record as the dock will be done by three big Dutch tugs, and there will be no convey. Every time a floating dock has been towed, before it has been powerfully conveyed by battleships. Battleships are on hand and ready to start out the voyage of the American dry-dock from the Atlantic coast to Montserrat, and when the British dock was towed to Bermuda. The Montreal dock will be built next winter and towed to Montreal during the summer. It will lift 25,000 tons and have a length of 550 feet.

Big Fruit Lands Co. Organized
 Nelson, B. C.—A deal has just been recorded in the formation of the Nelson Fruit Land Co., with Nelson and coast capital, under the management of J. P. R. district freight agent at this point. The company has 2,500 acres of huckleberry land on the coast of Nelson and is being placed on the market. This season has been one of big deals in the Nelson fruit land while actual settlement has been far more active than in any previous year.

Fire Chiefs in Saskatoon
 Calgary.—The next fire chiefs' convention is to be held at Saskatoon. The new president is J. F. Menlove, Virden, Man.; vice-president, Chief Smith, Saskatoon; secretary, Chief H. Wiswell, Brandon, Man. (respected); vice-presidents, James Smart, Alberta; Chief P. R. H. Saskatoon; Chief Hudson, New Ontario; executive committee, Chief White, Regina, Chief Hudson, Saskatoon, Chief Lafrenco, St. Boniface.

No Civic Reception for Party Leaders
 Ottawa.—Both Sir Wilfrid Laurier and R. L. Borden, the opposition leader, are expected to arrive in July 12. The city states that no civic welcome will be tendered. Members of the Reform, Conservative, Liberal and Conservative associations will join in a welcome, however.

WARMER WINTERS PREDICTED

Major R. A. Marriott Says That Climatic Conditions Have Undergone Remarkable Change

London.—"Why, We May Expect Warmer Winters," is the comforting title of a pamphlet published by Major R. A. Marriott, "Capt. Scott," writes Major Marriott, "emphasized the rapidity with which the south polar ice was retreating. It was a well-known fact that in the northern regions a similar condition of things is taking place."

"In Canada certain lands bordering on the north have been hitherto reported too ice-bound for agricultural operations, but large tracts have now been found to present favorable climatic conditions owing to some change that has taken place."

"Iceland now belies its name, for in mid-December, 1910, there was no snow and scarcely any frost."

Major Marriott suggests that the change is due to the diminishing obliquity of the earth's axis. In two diagrams he depicts the world at different stages of its history, first in the year 1884, B.C., when the globe swung at an inclination of 35 degrees. The polar regions then occupied a far larger extent than they do now, and the glacial epoch was reigning over the earth. The other diagram depicts the present obliquity of the axis, with the polar regions considerably shrunken.

"The year 2202 A.D.," continues Major Marriott, "marks the apex of the general period, when the contrast between summer and winter will be at its least. This year is only 385 years ahead of us, and we might reasonably expect the century of 2200 to show some slight modification of climate."

HAS LIVED TOO LONG

Chief Secretary for Ireland Made Very Strong Speech at Bristol on Political Topics

London.—In a speech at Bristol, Mr. Birrell, chief secretary for Ireland, said that the authority of the house of lords was dead, but that it had lived so long. He went on to say that the death of the house of lords was a great calamity, and that he hoped it would be a long time before it was replaced.

As to the state insurance bill, he admitted there was some justice in the objection urged by small property owners against the clause which made it impossible to obtain an ejectment order to the effect that Frank is not receiving sick benefit. The bill as a whole was not a popularity-baiting scheme, but a great constructive reform scheme.

He Says Frank is Quite Safe

Lethbridge.—Alfred Muller, general manager of the Canadian Consolidated and Lethbridge, has just received the report of Prof. R. W. Brock, director of geological survey, to the effect that Frank is in imminent danger of another landslide is absolutely without foundation. He says the opinion of the geological survey is that the company's stock. However, they are now at work installing \$125,000 additional machinery in the plant, and the mountain, which proves their belief that there is no danger. Mr. Muller is asking for the appointment of a special commission to make a thorough investigation for the company's protection.

Cannot Tell What Caused Blow-Up

Washington.—That the destruction of the battleship Maine, at Havana harbor, February 15, 1898, killing nearly 300 men and precipitating the Spanish-American war, due to the explosion of the ship's three powder magazines, cause of which may never be determined, is the opinion of General Bixby, chief of United States army engineers, who has just returned from a personal inspection of the wreck. Whether the explosion was due to carelessness, or to a bomb, or to a torpedo, or to the ship itself, or from a torpedo from without, it is impossible to say.

A Protest Against Discrimination

Toronto.—The Dominion Association has sent out notices to the west directing attention to the cases to be dealt with at Vancouver on Wednesday. The cases are of the same nature as the rates charged by the P.R. and compared with rates between the west and Port Arthur and Port William.

Exhibition Stand Destroyed by Fire

Winnipeg, Man.—The big grandstand at the exhibition grounds was destroyed by fire with a loss of \$75,000. The loss is a serious one as the annual fair opens on Wednesday. The entire grand stand, 300 yards in length, is in ashes. Several thousand people were in the stand at the time, with the object of erecting a temporary stand. The insurance is sixty thousand.

MANY MEN REQUIRED

SHORTAGE OF HARVEST HANDS IS CAUSING ALARM

At Least 10,000 Men Will Be Required to Garner Crop in Western Canada
—Men Needed at Once to Harvest the Fall Wheat in the Prairie Provinces
—Hay Crop in Alberta Reported to Be Exceptional This Year.

Winnipeg.—The Tribune gathers from a number of official and semi-official sources that the situation in regard to the harvest is even worse than was reported a few days ago. It was then stated on the authority of J. Bruce Walker, commissioner of immigration, that at least 10,000 men would be required in addition to the regular force employed to garner the crop of the three western provinces. Facts and figures show that this estimate is very conservative. Men have to be got into these provinces at once to harvest the fall wheat and hay.

Fall wheat, which is mostly grown in Alberta, has not hitherto been a factor in the regular harvest. Turkey Red was seeded to a vastly increased acreage, and its yield this year is expected to be very bumper. It is now beginning to turn color and in a day or two the binders will be at work.

Added to this the hay crop in the west this year will be extraordinarily large. Sloughed out in an ordinary year have been dry are now filled up and at present show as fine a body of green as has been seen in many a rancher may wish to see. It will be cut at once, two weeks earlier than usual.

Since the lamentable failure of range cattle two years ago, and the dropping of the market for the value of winter feed the world over this hay crop has a peculiar significance. The fall harvest is ranging to a bare surplus supply. All this requires farm labor from the outside, for the most ambitious rancher may wish to see. It will be cut at once, two weeks earlier than usual.

Pirates Who Looted the Asia Route

Victoria.—The story of a successful battle with the pirates who looted the Pacific mail line has been told in the Orient recently. The agent of the Pacific mail line was given the use of a gunboat to chase the pirates. A volley from the soldiers killed several of the pirates and the battle ended with the capture of the pirates.

To Protect the Pacific Seas

Washington.—The International Sea Conference, which is being held in London, is expected to discuss the question of the protection of the Pacific seas. The conference is expected to discuss the question of the protection of the Pacific seas.

The Revenue is Growing

Ottawa.—For the first quarter of the present fiscal year Canada's revenue has been \$29,270,486, an increase of nearly three millions as compared with the first three months of last fiscal year. The revenue for the first three months of last fiscal year was \$26,666,265, an increase of \$1,604,221.

Steer Boat Minus Crew and Rudder

Berlin.—Experiments which have been going on for some time at Lake Wannsee, proved remarkably successful. The crew of the boat was sent on land and the movements afterwards directed altogether by means of a wire and apparatus. The boat was driven by a series of unerring through numerous crafts under the slightest accident.

Optimists Start a Rebellion

Victoria, B.C.—News was brought by the Protestants of a rebellion started by the Optimists of the city. The Optimists are a group of people who rose against the suppression of opium and have had a fight with the police. The Optimists are a group of people who rose against the suppression of opium and have had a fight with the police.

WILL BE RECORD HARVEST

Promises to be Two Hundred Million and Over Bushel of Grain in the Canadian Prairie West

Winnipeg.—At this belated time, the responsibility for the responsibility in harvesting what, at the present time, promises to be the two hundred million bushel crop of the Canadian prairie west. It was stated at the company officers, that a number of enquiries had been telegraphed to large employers of labor all over eastern Canada, asking whether they could spare men. Answers received to date show that the labor situation is not encouraging. Instead of being able to spare men, employers say they have not enough to meet their normal requirements.

It is possible though that an altogether novel experiment will be made of bringing in from seven to ten thousand men from British Columbia points, mainly from Vancouver. It has been pointed out to Sir William Whyte that owing to the exceptional labor conditions prevailing at Vancouver, a large number of men are out of work.

The Canadian Pacific has been asked to grant the same cheap fares to men coming from British Columbia points, mainly from Vancouver. There is little doubt but that these men will be able to meet the needs of the prairie west, in its hour of need will get help from the Pacific coast. Rates will be low and the men will be able to meet the needs of the prairie west, in its hour of need will get help from the Pacific coast.

NOT HOPEFUL OF SETTLEMENT

Neither Party Will Accept the Decision of the Board of Arbitration

Winnipeg.—Dr. C. W. Gordon, better known as Ralph Gordon, and who has been one of the various points in the Crow's Nest district of Alberta as Chairman of the conciliation committee, has been trying to settle the strike returned to Winnipeg recently and was not particularly successful. He expressed the hope, indeed, that the strike now going on would be settled before any further injury was done the people of the west.

The board of arbitration have given their decision, he said, "on which both parties can meet but unfortunately at the present time they have not been accepted. I am hopeful that both sides will see the equity of this proposition and will come to a reasonable attitude regarding it."

He went on to say that unless a settlement was reached in the near future there would be found to be a rise in the price of coal from the province of Pennsylvania anthracite would be diverted from this province to the west. The price of this class of coal here is \$10.50 a ton.

May Affect British Interests

London.—Replying to the question in regard to Morocco by Arthur J. Balfour, prime minister, in the House of Commons, Prime Minister Asquith said that "Recent events in Morocco have caused much concern to the powers most interested in Morocco. I can say little at this stage, but I think it is probable that the government considers that a new situation has arisen in Morocco in which the powers most interested in Morocco may affect the British interest more directly than has been the case. We are now discussing the question of the powers most interested in Morocco. I can say little at this stage, but I think it is probable that the government considers that a new situation has arisen in Morocco in which the powers most interested in Morocco may affect the British interest more directly than has been the case."

Financial News Has an Idea

London.—The Financial News discussing the question of Sir William Whyte, the conference, says the new census followed by a redistribution of political power will call Western Canada into potential constitutional existence as a counterbalance to the eastern provinces. When that Laurier will probably be found that Laurier will be much less than the present situation. The new census followed by a redistribution of political power will call Western Canada into potential constitutional existence as a counterbalance to the eastern provinces.

Tolstoi Estate Will Be Purchased

St. Petersburg.—It is announced that the estate of the late Count Leo Tolstoi, Yasnaya Polyana, near Moscow, where the great writer lived, has been purchased by the family by the Russian government for \$250,000. The matter was put in the hands of a committee of the minister of finance, and met with no objection.

The press comments on the irony of fate after all his denunciation of property and long years of struggle against the ownership of this very estate not only of Tolstoi's family but of his own. He was a man of many grounds, but of his very own he was not a owner.

Winnipeggers Have Trouble with Rats

Winnipeg.—This city is threatened by a plague of rats, according to a report received at the provincial department of agriculture. The report says that the rats are already numerous on the outskirts of the city and are increasing with great rapidity. For several years, rats have done much damage between here and the boundary.

THE SUNDAY SCHOOL

LESSON III.—THIRD QUARTER, FOR JULY 16, 1911

Text of the Lesson, 11 Chron. xxviii, 1-13—Memory Verses, 12, 13—Golden Text, Isa. 1, 16, 17—Commentary Prepared by Rev. D. M. Stearns.

That Hezekiah, who was such a good king, should have had such a bad father as Ahaz and such a bad son as Manasseh is one of those to us—seemingly strange things. In the case of David's sons and Eli's sons the trouble seems to have been lack of home discipline, for it is written of the former concerning one of his sons that his father never displeased him and never said to him as much as "Why hast thou done this?" (1 Kings 11, 6.) Of Eli it is written that "his sons made themselves vile, and he restrained neither them nor himself." (1 Sam. 2, 12.) Hezekiah was twelve years old when he began to reign in the stead of his father. He must have been a very good boy, for after his father's recovery from his illness of which he would have died had he not recovered, he lived five years to his life.

His words were very humble after his recovery from his illness. He was a very good boy, for after his father's recovery from his illness of which he would have died had he not recovered, he lived five years to his life.

Verses 8 and 9 of our lesson summarize his inquiry in these words: "Forasmuch as the people of the land have been rebellious to me, and to do worse than the heathen, when I have said unto them, 'Do not do this,' and they have not listened unto my voice, neither have they feared me, nor heeded my words."

Although God is so long suffering, there is sometimes a limit, and the time comes when the Lord will punish the people. In the case of the people of Israel, the Lord spoke to Manasseh and to his people, but they would not listen. The Lord said to him, "Thou art as stubborn as the people of Israel, and as they have rebelled against me, so have you rebelled against me. Therefore will I punish you, as I have punished them." (Isa. 1, 16, 17.)

Hezekiah was a very good boy, for after his father's recovery from his illness of which he would have died had he not recovered, he lived five years to his life. He was a very good boy, for after his father's recovery from his illness of which he would have died had he not recovered, he lived five years to his life.

Hezekiah was a very good boy, for after his father's recovery from his illness of which he would have died had he not recovered, he lived five years to his life. He was a very good boy, for after his father's recovery from his illness of which he would have died had he not recovered, he lived five years to his life.

Hezekiah was a very good boy, for after his father's recovery from his illness of which he would have died had he not recovered, he lived five years to his life. He was a very good boy, for after his father's recovery from his illness of which he would have died had he not recovered, he lived five years to his life.

Hezekiah was a very good boy, for after his father's recovery from his illness of which he would have died had he not recovered, he lived five years to his life. He was a very good boy, for after his father's recovery from his illness of which he would have died had he not recovered, he lived five years to his life.

32 Eighth Ave., E.

The weather man says--"Still warmer weather to follow." Be ready for it.

We have been digging in every corner of the store bringing out everything suitable for such weather.

UNDERWEAR

Ladies' fine Swiss ribbed white Vests 1 lace shoulder straps and yoke, sleeveless, 1/4 and long sleeve, each 20c, 25c, 30c, 35c, 50c
Ladies, ribbed, umbella Drawers, deep lace trimmed, open or closed, per pair 35c and 50c

STUDER & COMPANY

BUSINESS LOCALS

(Locals in this column one cent a word.)

13 money saving days at J. V. Berscht's.

For sale--Turkey Red Seed Wheat 75 cents per bus. Jas. Hosegood, Westcott, O.

All goods are reduced except Peabody's overalls during our 13 days sale. J. V. Berscht.

Leigh S. Curtis, opposite the Union Bank, phone 22, will receive daily, except Tuesdays, shipments of strawberries from B. C. The lowest possible prices and every case guaranteed throughout the season.

Remember the date of S. L. Taube's visit to Didsbury and if your eyes trouble you in any way don't fail to consult him at Chambers' Drug Store on Monday, July 24th.

Stauffer & Findlay have \$500,000 to loan on improved farm lands at least expense and little delay.

N. Weicker announces that he will in future take in hogs every Monday. Top prices will be paid.

J. V. Berscht is holding his mid-summer sale beginning July 8, closing July 22, 13 days only.

We are still in business at the old place, five minutes walk straight east of the stock yards. I have all kinds of good strong bedding and vegetable plants for sale.--I. E. Hallman, east Didsbury.

Eighty-five per cent. of all headaches are the result of eye strain. Are you troubled that way? If so consult S. L. Taube of the Taube Optical Co., Calgary. He will be at Chambers' Drug Store, Didsbury, on Monday, July 24th.

Say, why don't you come in and get some of that \$300,000 that Sexsmith has to loan on farm property. He also renews mortgages.

Don't forget the Harry St. Clair Co. All next week at opera house. Price, adults 50c, children 25c.

Watch for the big poster. J. V. has something to tell you.

Mr. Harry St. Clair and company comes to Didsbury well recommended by press and public. We can assure all who attend this company's plays will be well pleased.

July, Babies month at Vogel's Studio. Exceptionally reduced rates on photos for your little ones. We are also offering low prices on enlarging photos. See our display of mounts, they are nice.

Don't fail to see little Master Robert St. Clair, the boy soprano.

Lost--Gentlemen's fancy high top riding boot, lost in vicinity of Didsbury. Liberal reward. Leave at Pioneer Office

Hear Mr. Dick Walling in his Irish songs with St. Clair Co.

The opening play that has been chosen by the St. Clair Co. is a good society comedy, "The Man of Mystery." Reserved seats at drug store.

A Successful Temperance Meeting

On Monday evening, July 10th, a splendid temperance discourse in the interests of the coming local option campaign was delivered from the platform of the Mennonite camp grounds by Mrs. L. C. McKinney of Claresholm, president of the Provincial and vice president of the Dominion Women's Christian Temperance Union.

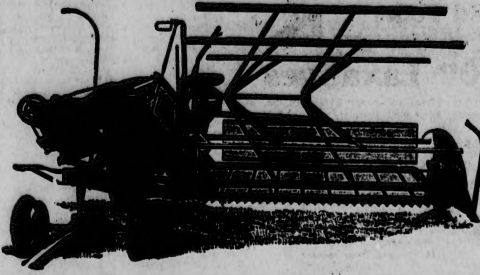

Mrs. McKinney is a woman of wide experience and logical argument, endowed with a power of speech peculiar to herself, and consequently much information and enthusiasm was imparted to her large audience of interested listeners.

Before the dismissal of the meeting opportunity was given for reception of members, and a local W. C. T. U. was organized with the following staff of officers:

President, Mrs. J. S. Dauni; vice president, Mrs. W. E. Mowers; corresponding secretary, Mrs. G. P. Scott; recording secretary, Miss Anna Gray; treasurer, Mrs. L. C. Snyder.

The first meeting of this new organization will be held in the Baptist church on Wednesday afternoon, July 19th, at 3 o'clock.

All ladies interested in the cause of temperance reform are cordially invited to attend.

Band Benefit Friday Night

As announced in previous issues the Cartwright Concert Co. will appear here on Friday night for the benefit of the Didsbury Silver Band.

The company is announced as an excellent one and should receive a good house, not only because it will be a treat to hear them but also because the cause is a good one and should receive the support of the public in general.

The prices of admission are reasonable, being adults 75c and 50c and children 25c.

Don't forget, Friday evening next, July 14th.

THE THREE ST. CLAIRS

The Royal Temperance Legion

This society was recently organized as a center of interest and activity and to promote a temperance sentiment amongst the young people of the town and district.

It is entirely un denominational in character and affords a splendid opportunity to the various churches to unite in a cause which aims at righteousness and the moral uplifting of the town.

The meetings are held each Monday evening in the Baptist church, the building being kindly lent to the society, and programmes of an entertaining and educational nature are provided.

As the movement is one which is thoroughly deserving of support and encouragement, the co operation of every one is asked, from the youngest to the oldest.

Right in your busiest season when you have the least time to spare you are most likely to take diarrhoea and lose several days' time unless you have Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand and take a dose on the first appearance of the disease. For sale by dealers every where.

Money Well Employed

There are opportunities to put your surplus funds to profitable use without indulging in dangerous speculations.

An ad. in our Classified Want Columns will put you into communication with borrowers who have good security, and who are willing to pay good interest for accommodation.

Handled by H. V. BAKER

Never leave home without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed and cannot be obtained on board the cars or steamships. For sale by dealers everywhere.
